Book Scholarship Recipients

I am grateful to the KDChi Emerald Foundation for awarding me this Book Scholarship! These funds will help me purchase essential textbooks for my Master of Public Health program at Cal State Northridge, bringing me one step closer to work towards health equity for all. Thank you for supporting my education and future!

~Gina Gabriela Dance

Obtaining a higher level of education is a privilege, but important, and should be accessible to all people. Shifting our world views and harboring collaboration requires the involvement of diverse lives and people. Any form of support aimed at achieving this distribution of information not only connects students to their necessary tools, but supports a world of unity, respect, and the intimate learning of unique lived experiences. I am grateful to be a part of this framework, guided by this opportunity. We deserve a chance at success, and education is often the only path that minority populations have in order to achieve their success and overcome systemic barriers to self-determination. Opportunities such as the Kappa Delta Chi Emerald Foundation Book Scholarship, support a world of success and unity.
